**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

No thank you to price hikes which will increase the cost of internet and telephone services. They're already the most expensive in the industrialized world.

I've already had the experience of dealing with A.T. & T. and Comcast. They are horrible companies to deal with because they have had near monopolies for years. I don't want to go backwards in time to deal with poor service and skyrocketing costs for a pretty basic needed service in the time and age we live in.
